**Subject:** 10/039586 -- Requesting Re-construction of a lost physical case

Wynette,

This is a physical case. We tried long and hard to locate it, but failed.

Question:

1. Is it a good idea to flag it lost and send someone to look it? (Do you know who is in charge of that?).
2. Or is it a good idea to re-construct it?

Thanks.
